*The Content Manager will need to apply "tags" to Articles. If two cannot be located, or if there is no active vehicle, then the latest two Articles will be displayed.

5. Events

- The Events tile will consist of
- Calendar showing the current month, with events within 250 miles of user's location
 - The current date will be highlighted for the user by an outlined box or bold treatment
 - Dates with events will be highlighted by a solid box to indicate that an event is available on that day
 - User can move calendar forward and backward a month at a time

6. Community

- The Community tile will consist of
- Two to three of the latest Forum post relevant to the user's active vehicle
 - Link to Forum

7. Scion Lifestyle

- The Scion Lifestyle tile will consist of
- Lifestyle Icon
 - Link to the Lifestyle page in SO (previously called 'Cool Stuff')
- *Note that this Lifestyle page will include links to Scion Racing and Scion A/V

8. Scion of the Week

- The Scion of the Week tile will feature content published from the LifeRay Admin tool. The available fields will be:
- Title
 - Description
 - URL Link

The Description field will support HTML tags, allowing the Content Manager to use varying colors, add images, etc, but must be limited in size to approximately 200 characters. The URL will be the link the user is sent to when the tile is clicked.

9. Marketing

- The Scion of the Week tile will feature content published from the LifeRay Admin tool. The available fields will be:

9. Marketing

The Scion Marketing tile will feature content published from the LifeRay Admin tool. The available fields will be:

- Title
- Image
- Description
- URL link

The Description field will support HTML tags, allowing the Content Manager to use varying colors, add images, etc, but must be limited in size to approximately 200 characters. The URL will be the link the user is sent to when the tile is clicked.

On RollOver

On RollOver of the image or onTap - Additional information and text is displayed.
